Mobility Implementation

I – Obligations of Home and Host Institutions

Travel – In the case of students, UMinho takes care of the purchase of the plane ticket.

Stay Allowance - A mobility agreement is signed between UMinho and the grant holder who defines the conditions, benefits and responsibilities related to the implementation of the project, as well as the schedule of the payments covered by the scholarship.

Visas - If necessary, it is the responsibility of the scholarship holder to obtain a visa in their country of origin, always supported by the International Relations Offices. Each host institution shall issue the appropriate documents for selected students to apply for a visa in accordance with national laws.

Insurance - UMinho pays insurance to all students (including medical expenses, accidents, legal assistance, etc.).

Recognition – In the case of students' mobility, it is mandatory that all partner institutions consider the study period undertaken abroad as an integral part of the study/research programme developed in the home institution. The home Higher Education Institution of the scholarship holder must guarantee the full academic recognition (including exams and other forms of evaluation) of the study/research period undertaken at the host institution, through the signature of the Learning Agreement, as long as the student has obtained a passing grade. Students must assure that the study/research plan is discussed with the responsible professor before the departure to the host institution and that all the necessary documents for the validation (recognition) process are provided in due time to the home institution.

The sending and hosting institutions should organize preparation sessions and integration activities for the grant holders as well as to support them in their search for accommodation and guarantee access to all the services offered by the universities.

II – Obligations of Grant Holders

The University of Minho reserves the right to request the total/partial reimbursement of the payment of the scholarship if:

- The grant holder withdraws from the project in case of force majeure;
- The grant holder does not comply with the internal regulations of the host Institution;
- The grant holder does not comply with the internal regulations established by the home institution;
- The grant holder leaves the host institution;
- The grant holder doesn't fulfil the requirements of his study program;
- The grant holder does not meet the minimum mobility periods established by the Programme.

Other obligations:

- The grant holder cannot benefit or accept any other mobility grant awarded by the European Union, during the current scholarship/grant period;
- The grant holder must inform the sending and host institutions of any change in relation to the study period. If this happens, a new Learning Agreement must be signed;
- At the end of the mobility period, all scholarship holders will receive the Transcript of Records detailing the results achieved. All students must obtain a positive mark in all subject areas/activities foreseen in their study program. In case this criterion is not fulfilled, UMinho will consult the European Commission and the Legal Department in order to identify the procedures to be followed, which may result in the return of the scholarship;
- The grant holder is compelled to communicate (by email) to the sending and receiving institutions any difficulties experienced during the period of mobility, such as: language barriers; integration with colleagues; communication with teachers; difficulty in obtaining study materials; health insurance; accommodation; etc.
