II – General Eligibility Criteria

To be eligible for an Erasmus+ scholarship under this project, **all participants must have a contractual relationship to the University of Minho (UMinho) or to a Partner University.**

Students must be enrolled full time at UMinho or in a partner Institution of Higher Education and enrolled in a level of studies leading to a recognized degree or a tertiary level of recognized qualification.

For **Undergraduate and Integrated Master Studies:** students must be enrolled at least in the second year of their higher studies to be eligible to undertake a period of mobility.

For **Master Studies:** students must have completed at least one semester at the institution of origin before completing a period of mobility.

For **Doctorate Studies:** students must have completed at least one year of studies and already have a research project.

Teaching and non-teaching Staff: must have a contractual relationship with UMinho or a partner institution in order to be eligible to apply for a scholarship. There are two types of mobilities:

Teaching mobilities: an activity that allows teaching staff to teach in a partner Higher Education Institution (HEI) abroad. Mobility of teaching staff can occur in any area of study/academic discipline. These teaching periods should last for a minimum period of 5 days and involve at least 8 hours of teaching.

Training mobilities: an activity that supports the professional development of teaching and non-teaching staff through training events abroad (excluding conferences) and periods of job shadowing/observation/training at a partner HEI. Given that the funding allocated to this last type of mobility is smaller when compared to teaching periods, in the case of UMinho, priority will be given to training periods involving non-teaching staff.

All applicants must receive formal support from their home institution by issuing a letter of support or by signing the Mobility Agreement (this document is mandatory at the application stage).

Erasmus+ allows students to complete different mobility periods, provided that the minimum duration for each activity and the maximum duration of 12 months per study cycle is respected. Teaching and non-Teaching Staff may perform several mobilities, provided that they are properly substantiated and submitted within different calls. Each candidate must submit only 1 application online, indicating a maximum of 3 options. If more than one application is submitted, the last submission will be considered.

After the selection, candidates admitted must meet the eligibility criteria of each host institution.

III – Types and duration of the scholarships/grants

Undergraduate and Integrated Master	4 or 5 months, according to the host/home country
Master	4 or 5 months, according to the host/home country

IV- Financial Support

UMOVE(ME) project provides the following financial support to the grant holders:

- A) Stay allowance (the amount depends on the mobility's direction);
 B) Contribution for travel (defined by the distance between the grant holder's home city and the host city)

A) Stay Allowance

STUDENTS mobility (SMS)	Mobility periods: 4/5 months From UMinho to the partner countries: 700 EUR/month From the partner countries to UMinho: 850 EUR/month
STAFF mobility (STA / STT)	Mobility periods: 5 days + 2 travel days The <i>per diem</i> amount: From UMinho to the partner countries: 180 EUR/day From the partner countries to UMinho: 160 EUR/day

B) Contribution for Travel

Travel distances	Amount
Between 10 and 99 km	20 EUR
Between 100 and 499 km	180 EUR
Between 500 and 1999 km	275 EUR
Between 2000 and 2999 km	360 EUR
Between 3000 and 3999 km	530 EUR
Between 4000 and 7999 km	820 EUR
8000 km or more	1500 EUR

To verify your travel distance, please consult: https://ec.europa.eu/programmes/erasmus-plus/resources/distance-calculator_en

The financial support for 'distance travelled' is the maximum allowed by the Erasmus+ programme and is intended to contribute to round-trip travel between the home and host institutions. In case the amount allocated is insufficient to pay for the desired trip, the grant holder must find other sources of funding.

All selected participants are responsible for purchasing their own plane ticket, always respecting the mobility dates established and the minimum stay at the host institution. In the case of incoming participants, the refund of the value of the trip as well as the payment of the first instalment of the stay allowance is made by bank cheque on the day of arrival. In the case of students, the scholarship payments are made in 3 parts: 50% of the scholarship is paid upon arrival of the student at the host HEI, 30% half way the mobility period, and 20% is paid upon submission of the final report.

In the case of outgoing participants, the reimbursement of the value of the trip as well as the payment of the stay allowance is transferred to their bank account before the mobility takes place. In the case of students, the scholarship payments are made in 3 parts: 50% of the scholarship is paid when the Erasmus Contract is signed, 30% half way the mobility period, and 20% is paid upon submission of the final report.

Mobility Implementation

I – Obligations of Home and Host Institutions

Travel – All selected participants are responsible for purchasing their own plane ticket, always respecting the periods established for the mobility. In the case of incoming participants, the payment of the value of the trip (according to the EU table) is made by bank cheque on the day of arrival. In the case of outgoing participants, the payment of the value of the trip is transferred to their bank account before the mobility takes place.

Stay Allowance - A mobility agreement is signed between UMinho and the grant holder who defines the conditions, benefits and responsibilities related to the implementation of the project, as well as the schedule of the payments covered by the scholarship/grant.

Visas - If necessary, it is the responsibility of the scholarship holder to obtain a visa in their country of origin, always supported by the International Relations Offices of the host and home institutions. Each host institution shall issue the appropriate documents for selected students/staff to apply for a visa in accordance with national laws.

Insurance - UMinho reimburses (up to an established amount defined by the number of days of the mobility) the amount of the insurance to all students and teaching and non-teaching staff. All grantees are required to subscribe an insurance that includes medical expenses, liability, accidents, repatriation and legal assistance.

Recognition – In the case of students' mobility, it is mandatory that all partner institutions consider the study period undertaken abroad as an integral part of the study programme developed in the home institution. The home Higher Education Institution of the scholarship holder must guarantee the full academic recognition (including exams and other forms of evaluation) of the study period undertaken at the host institution, through the signature of the Learning Agreement, as long as the student has obtained a passing grade. Students must assure that the study plan is discussed with the responsible professor before the departure to the host institution and that all the necessary documents for the validation (recognition) process are provided in due time to the home institution.

The sending and hosting institutions should organize preparation sessions and integration activities for the grant holders as well as to support them in their search for accommodation and guarantee access to all the services offered by the universities.

II – Obligations of Grant Holders

The University of Minho reserves the right to request the total/partial reimbursement of the payment of the scholarship/grant if:

- The grant holder withdraws from the project in case of force majeure;
- The grant holder does not comply with the internal regulations of the host Institution;
- The grant holder does not comply with the internal regulations established by the home institution;
- The grant holder leaves the host institution;
- The grant holder doesn't fulfil the requirements of his study/work program;
- The grant holder does not meet the minimum mobility periods established by the Programme.

Other obligations:

- The grant holder cannot accept any other mobility grant awarded by the European Union, during the current scholarship/grant period;
- The grant holder must inform the sending and host institutions of any change in relation to the study/research/work period. If this happens, a new Learning Agreement/Work programme must be signed;
- At the end of the mobility period, all scholarship holders will receive the Transcript of Records detailing the results achieved. All students must obtain a positive mark in all subject areas/activities foreseen in their study program. In case this criterion is not fulfilled, UMinho will consult the Erasmus+ National Agency and the Legal Department in order to identify the procedures to be followed, which may result in the return of the scholarship;
- The grant holder is compelled to communicate (by email) to the sending and receiving institutions any difficulties experienced during the period of mobility, such as: language barriers; integration; communication with teachers; difficulty in obtaining study materials; health insurance; accommodation; etc.
- Teaching and non-teaching staff must comply with the established program, as well as the duration settled for the mobility – 5 working days plus 2 travel days. Failure to comply with these obligations may result in the non-payment or the return of the grant.
